Hey Tom, I got hooked on Route 66 1994 years ago. My friend Rico got me your book for Christmas 3 years ago, I dreamed of it. A pipe dream, until my friend Brian moved to Frisco. He talked my friend Tom into moving out there to. So Rico Tom and I packed up his car. And hit the Road. We seen it all, The Road was so good to us. I cant believe how good. I kept a good journal. Hope to make a book with Rico, not to publish just for friends. Your book was our daily guide. Thanks you. From the Road,
